OFFICIAL PAPERS.

A SUPPLEMENT to the GAZETTE will henceforward be published, containing such Official Papers and Information as the Government of Bengal may deem to be of interest to the Public, and such as may usefully be made known.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately on a payment of six Rupees per annum if delivered in Calcutta, or twelve Rupees if sent by Post.

No Official Orders or Notifications, the publication of which in the GAZETTE is required by Law, or which it has been customary to publish in the GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to as heretofore.

Agricultural Show in the Nuddea Division.

From H. L. DAMPIER, Esq., Commissioner of the Nuddea Division, to the Secretary to the Government of Bengal,—
(No. 214, dated the 17th October 1864.)

As required in Government order No. 3593, dated 23rd August 1864, I have the honor to report the arrangements which I have made for holding an Agricultural Exhibition in this Division.

2. I have received demi-officially permission to include simple Agricultural implements in the Exhibition.

3. His Honor the Lieutenant-Governor having ordered that the Divisional Committee should manage the arrangements of the Show itself, it was necessary that the residents of Kishnaghur (at which I have determined to hold the Exhibition) should be strongly represented on the Divisional Committee, as the details of the Show Yard must be in their hands; at the same time it was necessary to have on the Committee Members representing the interests of the 24-Pergunnahs and Jessore. It was impracticable to bring these two necessary elements together at meetings, I therefore adopted the expedient of a Divisional Committee in two sections; the one sitting at Kishnaghur, the other in Calcutta.

4. The Kishnaghur section of the Divisional Committee consists of residents of the Station, who will, I hope, take a personal interest in the local arrangements. The Nuddea District Committee consists mainly of residents in the interior of the District.

5. In forming the Calcutta section of the Divisional Committee it was my object to secure the co-operation of the representations of the principal landed interests in the Division.

The following gentlemen have kindly consented to act with me :—

The Hon'ble Claude H. Brown, representing Messrs Jardine, Skinner and Company's and Watson and Company's Indigo and Zemindarree interest.

George Bright, Esq., Collector of 24-Pergunnahs.

E. W. Molony, Esq., Collector of Jessore.

A. M. Dowleams, Esq., representing experience in Exhibitions, &c.

J. Beckwith, Esq., representing the Landholders' Association.

R. Dodd, Esq., representing Messrs. Thomas and Company's Indigo and landed interest.

Hugh Fraser, Esq., representing Soonderbuns Grantees and Member of the Landholders' Association.

Bajah Bardakanth Roy ... } Jessore Zemindars.
Baboo Hurnath Roy ... }

Rajah Shuttoshurun Ghosal { Zemindars of the
Baboo Diggumber Mitter... } 24-Pergunnahs
Moonshee Buzloul Ruheem { and Members of
the British Indian
Association.

Edward Grey, Esq., Collector of Nuddea ... } Joint Secretaries
W. L. Heeley, Esq., c. s. ... } to the Divisional
Committee.

3. Moharajah Suttees Chunder Roy, of Nuddea, and Rajah Pertab Chunder Singh, who is a great Landholder in Jessore, have not yet replied to my address; perhaps they are absent.

7. I have addressed the Landholders' Association, the British Indian Association, and the Agricultural Society asking for their co-operation and the exertion of their influence in support of the Exhibition.

8. On the 13th September I met a Committee which had been constituted at Kishnaghur before the receipt of the orders of Government for the purpose of holding a District Exhibition. They had already raised subscriptions to the amount of

1,500 Rupees. At that meeting I constituted the Kishnagpur section of the Divisional Committee, who undertook to draw up Prize Lists and Rules. I then returned to Calcutta and organized the Calcutta section of the Divisional Committee.

9. As soon as I received the Rules and Prize Lists from Kishnagpur I called a meeting of the Calcutta section, which was held on Saturday, the 1st of October, at the Town Hall.

10. The Notification and Rules referred to in the 12th Resolution have appeared in the *Government Gazette* of the 5th and 12th instant.

11. I have called on the District Committees to exert themselves in obtaining the assistance and support of the residents of their Districts; and the Members of the Calcutta section of the Divisional Committee have engaged to address their constituents and tenants to the same effect.

12. Such questions as whether we can manage to feed the Live Stock during the Show, the rate of admission Fees, &c., are reserved for decision until we have some idea of the resources which will be at our disposal, and of the number of Live Stock which are likely to be exhibited.

13. I hope that these arrangements will meet with the approval of His Honor the Lieutenant-Governor.

P. S.—I have now reason to believe that the 28th of December will be too early a date for a Show of the principal crops of the Division, if so, the Exhibition can easily be put off. Enquiries are being made. The gale is another reason which makes it impossible to hold the Exhibition so early.

From S. C. BAYLEY, Esq., Junior Secretary to the Government of Bengal, to the Commissioner of the Nuddea Division,—(No. 4485, dated the 25th October 1864.)

IN reply to your letter No. 214, dated the 17th instant, I am directed to inform you that the Lieutenant-Governor approves of your proceedings in connection with the Agricultural Exhibition of the Nuddea Division for the current year.

2. Adverting to the remarks made in the Post Script of your letter under reply, I am directed to observe that the date of the Exhibition should be fixed so as to meet to the utmost the convenience of the Public.

Note on the progress of the Cyclone of the 5th October 1864.

From LIEUTENANT-COLONEL J. P. BRADLEY, B. N., Chief Engineer, Bengal, to the Secretary to the Government of Bengal,—(No. 1423, dated the 25th October 1864.)

I HAVE the honor to submit the accompanying Note of the progress of the late Hurricane, including some extracts and remarks on the subject generally, which may perhaps serve as a preliminary to the detailed statements of its action on the Public Works, and of the damages done, and probable loss sustained, which have to be submitted.

2. A complete scientific investigation of the hurricane is under preparation in another quarter, so I have neither delayed this document, nor given sufficient time to its preparation to make it in any way such a paper as would supersede the necessity for a complete analysis of the Cyclone.

Note of the progress of the late Hurricane.

THE Hurricane we have recently experienced confirms remarkably Maury's concise description of the theory of the Cyclone as a rotary Storm, which is nearly as follows:—

Revolving (in the Northern Hemisphere) against the hands of a watch; the greatest violence near the centre or vortex of the Storm; the vortex itself a calm, which travels sometimes one or two miles an hour, and sometimes forty or fifty; the barometer low in the centre, rising at the outside edge, or periphery; the diameter sometimes a thousand miles, and sometimes not more than a few leagues; the origin somewhere between the parallels of 10° and 20° north and south of the Equator, travelling, to the westward inclining towards the nearest pole until they reach the parallel of 25° or 30°, when they turn towards the east or "recurvate," but continue to increase their distance from the Equator.

Maury does not wholly accept this theory; he thinks that the wind in a true cyclone blows in spirals towards the vortex, which is the theory held by Thom, who was the Piddington of the Mauritius.

There are three theories.—

I.—*The wind blows round and round the vortex, or place of low barometer, which is as a disc to the rotary storm.*

II.—*The wind blows directly towards the vortex, which is like an oblong trough between two atmospheric waves.*

III.—*The wind blows in spirals towards the vortex, gyrating only within a certain distance of the vortex, the gyrating column being of comparatively small diameter.*

Maury inclines to the belief that cyclones are whirlwinds within a storm; that on the sea, as on land, there may be a storm within a storm, that is, a cyclone travelling with the storm and revolving within it. He lays down also that we are not entitled to call the movement of the wind a cyclone unless the wind shifts more than 180 degrees.

Piddington, writing on the hurricane in the Bay of Bengal on the 3rd, 4th, and 5th of June 1839, says:—"Colonel Reid and Mr. Redfield give from 10 to 30 miles an hour for the rates at which the centres of their different vortices have probably travelled onwards." "It appears that from the 3rd to the 4th the hurricane travelled onwards only about 100 miles, or say 4.16 miles an hour, and from the 4th to the 5th about 7 to 8 miles an hour."

"The slow rate at which our vortices travel onwards is very remarkable."

Mr. Piddington, in the same pamphlet, says that we do not yet know what is the usual track of our Indian hurricanes. Judging from this single tempest, he thinks that in the absence of better knowledge it may be assumed that the hurricanes in the Bay of Bengal travel from the eastward to the westward; and he quotes from a review of Colonel Reid's Work on Storms by the Hon'ble Company's Astronomer at Madras "that the East India gales appear invariably to travel from the Coast of Arracan towards the west; the curves conforming gradually to the shape of the shore." The recent cyclone had this course, but inclined very soon to the northward.

At False Point, on the Cuttack Coast, the wind commenced at 9 A. M. of the 4th October from the north-east, getting

round at 4 P. M. to north north-east with heavy showers of rain; at midnight it veered to north-west, blowing twice as hard. At 1 A. M. it blew from the west, and at 3 A. M. of the 5th it began to moderate; the tide rose 5 feet higher than the highest spring tide.

The barometer at no period indicated a gale, as it never fell lower than 29.49; some trees were blown down, considerable destruction was caused to the embankments, and one sluice was washed away. The gale was not felt at the Station of Cuttack, nor was it experienced in the slightest degree at the Chilka Lake. This gale has some of the characteristics of a cyclone, and, if the statement be correct, deserves to be further considered as to the connection it may have had with the hurricane.

Balasore.—Balasore was visited by a severe gale between 11 P. M. of the 4th and 5 A. M. of the 5th.

The barometer fell half an inch during the gale and rose $\frac{1}{2}$ after it abated.

There was one continued roar and rush of wind and rain with occasional tremendous gusts.

The wind came from north and west veering towards west.

The rain ceased at 9 A. M., but the wind did not fairly abate till about 4 P. M. of the 5th.

The thermometer during the gale stood from 76° to 72°. But little damage has been done to the buildings in the Station. Trees suffered most, many along the Cuttack and the Station roads were blown down and the roots turned up; almost every clump of bamboo in the place has been torn up by the roots.

Hidgellee.—At Contai the barometer fell from 29.75 on the evening of the 4th to 28.025 during the lull between 10 and 11 A. M. of the 5th, showing that the vortex of the hurricane passed over Contai. The Executive Engineer's note is as follows:—

"The storm commenced about 4 o'clock A. M. of the 5th, and lasted till about $\frac{1}{2}$ to 10 o'clock; it was at its highest about $\frac{1}{2}$ to 9. From about 8 o'clock to the lull the barometer fell from 28.95 to 28.025. On the evening of the 4th the barometer was at 29.75. After a complete lull of nearly an hour the gale came back, the barometer remaining steadily at 28.025 in the interim. At 12 o'clock the barometer went up to 28.125; for nearly an hour the gale was more like a whirlwind than any thing else. At $\frac{1}{2}$ past 12 the barometer was at 28.53. At $\frac{1}{2}$ to 1, 29.025. At $\frac{1}{2}$ past 1, 29.10. At 2 o'clock 29.40, and at this time the gale had subsided."

In this report we have proof of the position of the vortex, and also, I think, of its length; the outside storm of the hurricane did not extend far inland; and Kedgerree, although later, was circumstanced very much as Contai was, with this difference, that Contai is about 5 miles inland and 4 miles within the embankments, which are 20 feet high; but Kedgerree is outside the main embankment, and on the shore of the Hooghly. The reports from Hidgellee are not complete, but the height of the cyclone wave which swept Saugor Island has been carefully measured, and is reported to have been 15 feet above the land level.

Of the cyclone of May 1838 Mr. Bond, the Master Attendant of Balasore, writes (July 31st 1839):—

"Gales at Kedgerree, though blowing dead to windward of us distant 75 miles, do not always reach this coast, as in the May hurricane of 1838, when the *Duke of York* was blown from her moorings at Saugor across to Hidgellee and became a wreck, yet the gale did not reach here, although the bank to the eastward in the heavens so plainly indicated a gale that every person here barred up their doors and nailed them. We only had a good top-gallant breeze."

In the present instance we have the *Benlinck* landed on the shore at Diamond Harbour.

The *Alexandra* Steam Tug was anchored off Saugor, but got loose, and with steam up passed through the vortex, having a calm for three quarters of an hour, much about the same period that the lull lasted at Contai, but one hour later, from which it would seem that at 10 A. M. of the 5th she was between Contai and Kedgerree, probably in the Cowcolly roads. When the hurricane resumed from the north-west, she kept her head north and east and steamed her best, but drifted south and west till she anchored off Piplee Sands below Hidgellee.

The Ship *Clarence*, which was about 2 degrees south and east of Juggernaut at 10 A. M. on the 4th October, had the wind blowing strong from the north-east, and was on the north-west verge of the cyclone, travelling north, so she sailed on its south-eastern edge perfectly safe. The distance between the *Clarence* at 10 A. M. of the 4th and the *Alexandra* at 10 A. M. of the 5th is about 280 miles, so the hurricane must have travelled about 10 miles an hour up to Hidgellee.

This evidence, together with that obtained from the fact of the *Burmah* not feeling the hurricane, whilst the *Proserpine* Steamer, which sailed a few hours later and followed in the same tract, but slower, suffered severely on the north-east side of it, would seem to show that the cyclone had its origin at some point at sea about 100 miles from the Arracan Coast in the latitude of Kyauk Phyo, (about 19° north,) and that it travelled nearly due west till it came into longitude 89°, where it took a northward turn and set upon Hidgellee, driving its course along the right bank of the Hooghly River, crossing the Roopnarain River from Tumlook to Kola Ghat and the Hooghly above Calcutta so as to pass to the east of Kishanghur, crossing the Ganges between Rampore Beaulah and Pubna, and then over Nattore, sweeping Bograh with great violence; after which, having reached latitude 25° north, it took a decided bend, or as it is called "re-curvature," towards the Garrow Hills, and it became expended.

It is a mistake to suppose that the cyclone reached Gowaiparah in Assam. The late Executive Engineer of the Lower Assam Division left Gowaiparah on the 7th October, and the first place at which they heard of, or saw the effects of the hurricane was at Serajgunge, on the Brahmapootra.

The cyclone had a width of about 100 miles.

Mr. J. P. Grant, who was stopped at the crossing of the Roopnarain river, (Midnapore road,) about 16 miles from Oolobariah, has carefully described the cyclone,—wind, wave, and calm.—At 2½ P. M. it became a perfect calm, which lasted for nearly an hour, two hours previously (12½ A. M.) the cyclone wave had risen to within two or three feet of the crest of the embankments. This fixes

another point in the track of the vortex and shows that the cyclone pushed forward and was preceded by the wave.

The vortex travelled from Contai to Koila Ghat, a distance of 48 miles, in $5\frac{1}{2}$ hours, being at a rate of nearly 10 miles an hour. A third point at which a decided calm of some duration was experienced is at Beernuggur, east of Kishnaghur, on the road to the Eastern Bengal Railway. The storm at Beernuggur lulled about 8 P. M. of the 5th October, remaining comparatively calm for about half an hour, when it set in again from the opposite quarter, but with less violence, and attained its maximum again at 9 $\frac{1}{2}$ P. M., ceasing at about 2 A. M. of the 6th October.

The distance from Koila Ghat of 82 miles was thus passed in $5\frac{1}{2}$ hours, giving a rate of 15 miles an hour for the onward path of the vortex. A fourth point is Nattore, Trans-Ganges; here a lull of one hour commenced at 11 P. M. on the 5th, which gives a further course of 80 miles in three hours, or a velocity of 26 miles an hour.

At Koila Ghat, as at Contai, the hurricane was a whirlwind; and at its worst directly after the lull, and with the wind from south-west.

Piddington describes the "storm wave" as "a mass of water of the same diameter nearly as the cyclone, raised by diminished atmospheric pressure and other causes, driven bodily along with the storm, or before it; and when it reaches bays or river mouths or other confined situations, causing by its further rise, when contracting, dreadful inundations; but upon open coasts rarely so, or not in so great a degree, as it can there spread out quickly and find its level."

Maury says that in the middle of the cyclone there is generally rain, or hail, or snow, and that there is an immense amount of heat set free; he attributes "the diminished barometric pressure, first, on account of centrifugal tendency; next, on account of the ascending column of air, which expands and ascends, ascends and expands on account of such diminished pressure; and next, though not least, on account of the heat which is set free by the condensation of the vapour which forms the clouds and makes the rain. This heat expands and pushes aside the upper air still more."

A glance at the Map suffices to show what the effect must be above "the wide opening from Point Palmyras to Chittagong, which, to use an Orientalism, is the gate to the plains of Bengal" of an extensive sea surface raised above the general level and driven forward upon one of the main channels leading inland from that gate.

In the present case the wave precipitated upon the low lands at the mouth of the Hooghly river, to the great destruction of life, was fifteen feet high; and it is for consideration how far Saugor Island and other low tracts similarly circumstanced should be inhabited.

It is also for consideration how far such low lands which afford the only means for decreasing the force and volume of the waters raised by a hurricane and driven up the Hooghly should be protected from the inroads of a cyclone wave.

This Note will be followed by detailed statements of the damages sustained by embankments, roads, and buildings, showing the damage done to each class of work.

Generally, it may be said that the Public Works have stood well. The characteristic of this hurricane has been the extensive destruction of trees. Masonry buildings, which were in a fairly sound state, have stood well, and where they

suffered damage, it has been owing to the insufficient fastenings of the doors and windows: new masonry stood well.

It seems that stronger fastenings on land as well as stronger hatches at sea are required. Piddington always pointed out the danger of weak hatches. May not the following extract explain the way in which the unfortunate *Persia*, which seems to have been "taken aback," went down?

"A vessel may, in one of the terrific gusts which accompany these sudden shifts of wind, be thrown on her broadside in the trough of the sea with her deck towards the sea! In such a case she is in the position of a vessel on a reef which has fallen over to seawards, and there is every chance that her hatches would be beaten in, which would swamp her."

The iron Light House on Saugor Island, which has no foundations below the land level, stood the shock of the cyclone perfectly well. Cowecolly Light House also, which is a brick masonry column below Kedgerree, has not been injured; the wave over the land has been measured and was 18 $\frac{1}{2}$ feet. The masonry buildings both at Contai and at Kedgerree have stood well.

The Sea Dyke of Hidgellee has been breached in six places, all of which are in the portion fronting Contai, and but nothing has been said about the masonry sluices, which is a good sign; the lands of Hidgellee have not suffered to the extent to which they suffered in 1832-33; where the embankments have stood, but were ridden over by the wave, the crest for some lengths has been torn out, leaving a gaping hollow; but the seat of the embankment, which is the mass of the earth-work, remains; it is only in very few places that the whole section has been washed away.

On the Hooghly face of the 24-Pergunnahs and on the Roopnarsin river in Mundleghat the greatest damage appears to have been sustained. The wide basin of the Roopnarsin drew off a large proportion of the wave in the Hooghly to the relief of the upper sections and of Calcutta; the embankments were overtopped from 3 to 4 feet and destroyed in many lengths; the sluices in the embankment on the Hooghly river-face, fronting the James and Mary, have been destroyed.

The embankments of Mundleghat on the Damoodur have not suffered much.

The chief expense of repairs to embankments will have to be incurred on the 24-Pergunnah side of the Hooghly, which was inundated by the raised waters passing over the embankments, which, from Saugor Island to Diamond Harbour, were about 8 feet high. Above Hooghly Point the wave in the river rapidly diminished, but it reached to 23 $\frac{1}{2}$ feet over the sill of the Kidderpore Dock at 3-45 P. M., which is about 5 feet above high tide level of the 5th October, as it should ordinarily have been at 4-21 P. M.

The Board, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so.

The following are the Conditions of Sale :—

1. The Opium will be sold for exportation by Sea only, and no certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for sale at an upset price of Rupees 400 per chest, and sold to the highest bidder above that price, except under the circumstance for which provision is made by Clause 12th of these Conditions of Sale.

3. The Sale shall commence at the hour of 11 A. M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P. M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of, or if the whole quantity advertised shall not be sold on the day appointed, the Board may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum calculated

When the amount bid is less than Rupees 1,200 per chest	Deposit.	according to the scale noted in the margin shall be taken as a deposit on each lot from the
On bid of Rupees 1,200 but less than Rupees 1,600	Rupees 200 per chest.

purchaser in the Sale-room, and before the lot is registered in the Sale Book; and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts or by substitution of other Public Securities of the Bengal Government on or before 4 o'clock in the afternoon of the fifth day after the Sale, or, on the other hand, failing such redemption by the time aforesaid, then the lot or

lots for which no Bank of Bengal Receipts or deposit of other Public Securities as aforesaid shall have been delivered in, shall be re-sold at such time or times, and under such conditions of re-sale, as the Board of Revenue shall see fit, and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of sale under the last-mentioned Condition if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7. No tender of money, Bank of Bengal Receipts, or Public Securities on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale will be afterwards accepted.

8. The Opium now advertized for sale shall be paid for within fifteen clear days from the day of sale, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the 5th Condition, or any Public Securities that may have been deposited on account of such lots or chests shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed shall have the option of naming the number of lots of their purchase which they may desire to be included in each certificate or order, and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

10. No deposit of Public Securities under the 5th of the present Conditions will be received in this Office except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The Officer superintending the sale on the part of the Board of Revenue is empowered, to reject, at his discretion, the bid of any individual unless such individual shall, on demand, tender at the time a deposit, either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the 5th of these Conditions.

12. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot and immediately to put it up again for sale at a maximum upset

price; diminishing the same gradually until a bid is obtained, and the first *bond fide* bidder for a lot after it has been offered for sale in the mode here prescribed shall be held and declared to be the purchaser of the said lot; and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always that no lot shall be sold below the minimum price of Rupees 400 specified in the 2nd of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession at the same price, and under the same conditions, any number of lots of the same Agency Opium not exceeding altogether twenty-five lots; provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue:—

No. 1. Certificate of the Opium advertized for sale.

No. 2. Report of the examination of such Opium.

16. The Public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1863-64, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state; to have only the prescribed quantity of leaves used in forming the cakes; and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue.

17. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue; but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified that, under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that, out of the quantities of Behar and Benares Opium declared as above for sale at the twelve Sales of the year 1864, there shall be delivered to them, at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding

in the aggregate 300 chests, and the Agents of the French Government must make requisitions specifying the quantity of Opium required by them at any particular Sale within thirty days from the advertisement of such intended Sale; provided, however, that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agents of the French Government shall not make the requisition for Opium within the time above-mentioned, the entire quantity of about 61,267 chests of

	Chests.	Behar and Benares, as above
Behar	35,037	estimated, will be brought
Benares	29,230	to sale in the usual manner,
	64,267	and if they shall make ap-
		plication for a quantity of

Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve Sales above-mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose:—

Article 6th.—“With regard to the trade in Opium it is agreed between the high contracting parties that at each of the periodical Sales of that article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that, if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbeforementioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta within thirty days after notice of the intended Sales shall have been published in the *Government Gazette*.”

Junior Secretary.

Agricultural Show of Live Stock and Produce
to be held at Mozufferpore. in Tirhoot, on
the 17th January and following days.

GOVERNMENT has contributed Rs. 3,000 towards the expenses, and more than three times that sum will be raised by public subscription.

The hearty co-operation of all the principal Landholders and gentry in the Division—Native and European—is respectfully invited, and this can best be afforded by searching out and exhibiting the most superior specimens of the Live Stock and Produce of their respective Estates; by contributing towards the Prizes and general expenses of the Exhibition; and by personally attending it with as many of their tenants and dependants as they can conveniently assemble.

There will be two sets of Prizes,—

- 1st.—The Divisional Prizes, and
- 2nd.—The Local or District Prizes.

The following General Rules will be observed:

1. The Show will be held from the 17th to 21st January at a suitable spot to be pointed out by the Collector of Tirhoot, the Judges' awards will in each case be made known on the day of the opening, and on the last day there will be a public distribution of the Prizes.

2. Exhibitors must submit a list of Live Stock and Produce intended for show not later than the 15th December, either to the Collectors of the District in which they reside, or if non-residents of the Division, to the Secretary to the Divisional Committee at Patna.

Intending Exhibitors can have their Live Stock aged at the time of submitting their lists as above, and the ageing then determined shall be received by the Judges as correct. A certificate will be given in each case, and the production of it before the Judges will be necessary.

4. No articles of Produce of the Division will be received excepting through the District Committees, who will pass and classify them.

5. All Live Stock and samples of Produce must be in the Show Yard on the 14th January at latest, and none will be received after 4 p. m. of that day, nor will removal be allowed until the conclusion of the Show.

6. Each Exhibitor must forward with the Servant in charge of the Live Stock a clear and distinct label stating—

- 1.—Exhibitor's name.
- 2.—Residence.
- 3.—Class of Stock to be exhibited.
- 4.—Age of ditto.
- 5.—Where bred.
- 6.—Prize for which it is to compete.

7. Similarly all Produce must be clearly labeled with name of Exhibitor and residence, article, where produced, and quantity of which it is a sample.

8. All Live Stock and Produce intended for sale should have the prices attached to them.

9. Provision will be made, so far as practicable, for the safe custody of Live Stock and Produce, but Exhibitors are required to send persons to remain in charge as also to feed the Live Stock.

10. Arrangements will be made to enable Exhibitors and their Servants to purchase, at a rate fixed by the Collector, forage, provisions, firewood, &c., close to the Show Yard.

11. It is to be understood that Prizes not stated to be for any particular District or the Division of Patna are open to all comers.

12. In the absence of competition between two or more parties the highest Prize only will be awarded to the single Exhibitor.

13. Prizes may be withheld at the option of the Judges if the Live Stock or Produce exhibited does not possess sufficient merit.

14. Arrangements will be made for the conversion of money Prizes of Rupees 20 and upwards into Medals, Cups, or other articles of Silver, and bearing suitable inscription at the option of the Prize-holders.

15. On the first and last days Exhibitors and Subscribers only will be admitted free, others on payment of 1 Rupee each. On the three remaining days admission will be free to all.

16. On the last day there will be a Show of flowers, fruits, and vegetables, open to all comers—and for which suitable Prizes will be awarded, entrance free.

Notice.

POSTPONEMENT OF THE AGRICULTURAL EXHIBITION IN THE NUDDEA DIVISION.

IN consequence of the damage done and distress occasioned by the Cyclone in the 24-Pergunnahs and Nuddea Districts, which will fully occupy the attention of the Zemindars and Ryots for some time, it has been resolved to postpone the Nuddea Agricultural Exhibition till the next cold season. The Exhibition will then be held at Kishnaghur under the Rules which have already been published.

H. L. DAMPIER,

Commr. of the Nuddea Division.

CALCUTTA,

The 3rd November 1864. }

Revised Notice.

AN Agricultural Show of Live Stock and Produce will be held on Tuesday, the 17th January 1865, and following days, at Mozufferpore, in Tirhoot, being the Race week at that Station. Prizes amounting to about Rupees 5,000 will be distributed. Prize Lists will shortly be available on application to any of the Collectors of the Division. The attendance of all gentlemen of the Division, European and Native, whether as Exhibitors or Spectators, is respectfully invited.

G. F. COCKBURN,

Commissioner.

PATNA;

Commissioner's Office, }
The 12th October 1864.

Notice

Is hereby given that should no objection be preferred under Act XXIII. of 1863, rendering it necessary to defer the sale, the several plots of Waste Land situate in the District of Mahomdee, which are entered in the list appended, will be sold by public auction on the 10th January 1865 to the highest bidder above the upset price of two Rupees and eight annas (2-8) per acre, at the Office of the Deputy Commissioner at Luckimpore. The sales will be made in the manner, and subject to the conditions prescribed by the Rules for the sale of Waste Land in Oudh.

Copies of the Rules referred to and Forms of the Deed of Sale can be obtained on application at the Office of the Chief Commissioner, and Maps of the allotments, on a scale of four inches to a mile, may be seen at the Office of the Deputy Commissioner of Mahomdee.

No. 349.

The 15th November 1864.

Notification.—It is hereby notified, under Section II., Act V. of 1864, B. L. C., that the provisions of the said Act shall apply to the following Navigable Channels from the 1st February 1865, viz. :—

I. The Calcutta Canals extending from its junction with the Hooghly at Chitpore to Baman-

ghatta, including the old and new Canals, the Intally Canal, and the Cut connecting the new Canal with the old Canal at the Dum-Dum road.

II. Tolly's Nullah extending from its junction with the River Hooghly at Kidderpore to Samookpotta.

Under Section VI. of the Canals Act, His Honor the Lieutenant-Governor of Bengal has been pleased to fix the following rates for the levy of Toll on the said Channels on and after the 1st February 1865.

Number.	Description of Vessel.	ENTERING THE CALCUTTA CANALS AT CHITPORE, OR TOLLY'S NULLAH AT KIDDERPORE.		ENTERING THE CALCUTTA CANALS AT BAMUNGHATTA, OR TOLLY'S NULLAH AT SAMOOKPOTTA.

The following draft of Rules having reference to the Calcutta Canals and Tolly's Nullah, is published for information under the provisions of Section XI. of Act V. of 1864, B. L. C. :—

I. Every Vessel on entering the Calcutta Canals or Tolly's Nullah shall be liable to measurement for the purpose of ascertaining the Toll payable, and in case of any reasonable doubt arising, the Canal Officers at any Toll Station shall have authority to re-measure a Vessel notwithstanding that it was measured on entering the Canal.

II. The tonnage of every Vessel, whether laden or empty, shall, for the purposes of Act V. of 1864, B. L. C., and of these Rules, be determined by the following measurements :—

a. The product of half the length of the Vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the Vessel, multiplied by the depth from the water line to the bottom of the Vessel is to be taken as the number of maunds upon which Toll shall be levied.

b. The measurement of the length is to be made in feet, rejecting inches; the measurement of the breadth and depth is to be made in feet and quarters of feet, rejecting portions of less than a quarter of a foot.

c. In calculating the amount of Toll to be levied any fraction of 100 maunds less than 25 maunds is to be omitted; exceeding 25 and not exceeding 50 maunds is to be charged as 25 maunds only; exceeding 50 and not exceeding 75 maunds to be charged as 50 maunds only, and exceeding 75 maunds as 75 maunds only: above 1,000 maunds all fractions of 100 maunds are to be omitted.

d. Provided that in the case of Vessels which enter the Canals empty for the purpose of loading therein, the depth shall be measured from the line of usual immersion as visible on the outside of the Vessels to the bottom of the Vessel, and not from the line of actual immersion at the time of measurement.

III. Every Vessel entering the Canals shall be furnished with a Ticket on payment of the prescribed Toll. The Manjee's name, the date and hour of entry, the maundage of the Vessel, the cargo it contains and amount of Toll charged, shall be entered in this Ticket to identify the Vessel on which Toll has been paid.

IV. This Ticket may be demanded and inspected by any Canal Officer, and must be kept on board and at hand for that purpose.

V. The Manjee or Owner of every Vessel not having a Ticket on board and producible on demand shall be liable to the provision of Section X. of the Canal's Act.

VI. Duplicates of lost Tickets of which the numbers and date of entry can be satisfactorily established, will be granted, by the Collector, on a further payment of a sum equal to the original amount of Toll.

VII. During the detention of any Vessel under Section 9 of these Rules, or under any other provision of the Act, the duty of Canal Officers will be to see that the Vessel or its cargo are not clandestinely removed; but they are in no way responsible for its safety, for which the Manjee, Owner, or Agent must make their own arrangements.

VIII. The purchaser of a Vessel sold under these Rules and under the Act will have the option

of taking it out of the Canal on the day of purchase, or of taking out a fresh Toll Ticket at the rate fixed by the Schedule of Tolls in force for the time being.

IX. No Boat engaged by any Officer of Government—whether Civil or Military—shall be exempt from Toll on the ground that the Officer is travelling on Public duty. The only exception to this Rule shall be in the case of Vessels specially engaged in the conveyance of Troops on Military duty.

X. All Vessels the *bona fide* property of Government, or employed on works connected with the maintenance or improvement of the Canals and duly certified as such, shall be exempted from these Tolls and charges. No other Vessels whatever shall be exempted.

XI. Every Vessel, Raft, or Float which has paid Toll shall be allowed three days for passing through either Channel, the days of entering and of leaving being both included. In addition to these three days they may, without further payment, remain in the Canals for the further under-mentioned periods, that is to say,—

Boats.—One day for every hundred maunds up to three hundred maunds of measurement, and one day for every two hundred maunds above three hundred maunds.

Rafts.—Two days for any number of timbers not exceeding fifty, and one day for every additional fifty.

Floats.—Two days for any number of bamboos not exceeding five hundred, and one day for every additional five hundred.

XII. Every Vessel, Raft, or Float remaining in any part of the aforesaid Canals longer than the period allowed under the foregoing Rules shall, for each day in excess of such period, be charged demurrage equal to one-half of the Toll; and every Vessel remaining more than thirty days in either of the Canals shall, for each day in excess of thirty days, be charged demurrage equal to the full rate of Toll, provided that in no case the demurrage charged shall exceed five Rupees per diem.

XIII. Any Vessel remaining in the Canal more than two months without authority from the Supervisor shall be summarily removed.

XIV. Boats requiring repairs shall be allowed to enter the Dhappa Docks and remain there for a maximum period of thirty days, during which they will be charged at the rate of one-sixth part of the demurrage chargeable under Rule XII. Any Boat remaining in the Docks longer than thirty days without the special permission of the Supervisor shall pay demurrage at the full rate for such excess period.

XV. No Vessel shall be docked for repairs on the bank of the Calcutta Canal or of Tolly's Nullah.

XVI. Wherever mooring posts may have been put up by the Supervisor, Vessels shall be made fast by the head and stern along the banks to such posts, and shall not be moored in any other manner.

XVII. The Supervisor may, by notification prohibit the dropping of anchors or the putting up of bamboos or luggies in any part of the Canals or on the banks; and in such parts no anchors shall be dropped or luggies put up under a penalty of fifty Rupees, and of a fine not exceeding four Rupees a day for a continued disobedience of an order for removal issued by the Supervisor.

XVIII. Boats whilst loading or unloading in the Canals will be allowed to use ladders; but the ladders must be gradually taken in as the water rises.

XIX. As the water falls the head and stern ropes must be loosed and the boats gradually pushed towards the centre of the Canal; when the flood comes in these two ropes must be gradually pulled in and the boat kept as close to the bank as possible.

XX. Only one boat shall be allowed to make fast along and in line with the Canal banks, and no boat shall be made fast or be placed outside of boats so secured.

XXI. Boats passing through the Canals shall keep in separate lines, empty boats keeping close to the bank, and those that are laden in the centre.

XXII. Hackeries, Carts, Bullocks, &c., using the Canal Roads shall, when stationary, be ranged on the side of the road furthest from the Canal banks.

XXIII. In portions of the Canals where only one towing-path exists, Vessels shall moor on the off side, and the towing path side shall always be kept clear.

XXIV. No person shall commit a nuisance or deposit filth of any sort in the Canals or on the banks.

XXV. Every person, either personally or by his servant, infringing any of the above Rules, numbered from XV. to XXIV., shall be liable, under Section XI. of the Canal's Act, to a fine not exceeding fifty Rupees for any one infringement, or to a fine not exceeding five Rupees a day for any continued infringement.

XXVI. At the instance of the Collector of Tolls, any Magistrate who imposes a fine under Section XI. or XVI. of the Act may award any portion of such fine to the informer.

XXVII. Any person who, wilfully or negligently, allows a Vessel to sink in the Canals shall be liable to the penalty described in Section XI. of the Act.

XXVIII. In every case of wreck, caused by negligence or otherwise, the Supervisor and his Subordinates will give every assistance in removing the same.

XXIX. A notice shall be affixed on such wreck, when recovered, calling on those concerned to pay to the Collector all Toll which may be due,

or fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck, and intimating that if the sum be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in Section IX. of the Act.

XXX. Every Canal Officer is authorized to remove any vessel, anchor, pole or other thing which he may find in a position which is in contravention of these Rules, and to deal with it in such a manner as may be necessary to give effect to the Rules.

XXXI. Whenever any laden Vessel is seized by a Canal Officer it shall be the duty of the Supervisor to give immediate notice of the same to the Owner or his Agent requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

XXXII. If the Supervisor be unable to ascertain the name and place of business or of abode of the Owner of the cargo of any Vessel or Boat seized under the Canal's Act he shall notify the seizure by advertisement in his Office and in the *Exchange Gazette*. Such notice shall call upon the Owner to cause the immediate removal of the cargo and to pay any necessary expenses incurred in providing for its proper custody and storage.

XXXIII. The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any Vessel seized under the Canal Act, and if the cargo be not removed within one month from the date of seizure he may sell the same at public auction to the highest bidder after giving ten days' notice of the same by advertisement in the *Exchange Gazette* and affixed in his Office.

XXXIV. The money realized at such a sale shall be applied first to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold, and the balance, if any, shall be held in deposit to be paid to the Owner of the said cargo on his applying for the same.

Government of Bengal.

LEGISLATIVE DEPARTMENT.

The following Bill was read in the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations on the 19th November 1864, and was referred to a Select Committee who are to report thereon after the 23rd of December next :—

A Bill to render valid certain acts and proceedings of the Judge of the Court of Session of the Zillah of the 24-Pergunnahs.

WHEREAS by an order of the Hon'ble the President of the Council of India in Council, made on the 27th day of February 1843, a certain tract comprising the Thannah divisions known as Oolobarah, Kotra, Rajapore, and Bugwan, on the western bank of the River Hooghly, was transferred from the Zillah of Hooghly to the Zillah of the 24-Pergunnahs in regard to all matters of Police and the administration of Criminal Justice; and whereas, notwithstanding an order of the Governor-General in Council notified in the Calcutta Gazette on the 13th of July 1863, whereby the River Hooghly was constituted the western boundary of the Zillah of the 24-Pergunnahs and of the local Jurisdiction of the Sessions Court of the said Zillah, the Judge of the said Court continued to exercise Criminal Jurisdiction in regard to the said Thannah divisions, and it is necessary to give validity to acts and proceedings in the exercise of such jurisdiction; It is enacted as follows :—

1. No order or decision passed, and no proceeding held, in any case by the Judge of the Court of Session of the 24-Pergunnahs, shall be deemed to be invalid merely by reason of such order or decision having been passed, or such proceeding having been held, after the date of the said order of the Governor-General in Council.

Orders, decisions, and proceedings of the Sessions Judge of the 24-Pergunnahs, after 13th July 1863, rendered valid.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to render legal certain judicial acts of the Sessions Judge of the Zillah of the 24-Pergunnahs as Sessions Judge of the District of Howrah, since the Notification of the Government of India, dated 13th July 1863, defining the boundaries of the Civil, Criminal, and Revenue Jurisdictions of the Zillah of the 24-Pergunnahs.

By Notification, dated 27th February 1843, the Thannah Jurisdictions of Oolobarah, Kotra, Rajapore, and Bugwan were transferred from the Zillah of Hooghly to that of the 24-Pergunnahs in regard to all matters belonging to the Department of Police and Criminal Justice, and appeals from the orders and sentences of the Magistrate of Howrah were, from that date, heard by the Judge of the Sessions Court of the Zillah of the 24-Pergunnahs, and to that Court commitments were made. But an order of Government, dated 13th July 1863, by rendering the River Hooghly the western boundary of the Zillah of the 24-Pergunnahs, excludes the District of Howrah from the local Jurisdiction of that Court.

Certain judicial acts having been done by the Judge of the Sessions Court of the 24-Pergunnahs in the administration of Criminal Justice in Howrah without regard to the Notification of the 13th July 1863, it has become necessary to render them valid by legal enactment.

Legislative Department.

The following Bill was read in the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations on the 19th November 1864, and was referred to a Select Committee who are to report thereon after the 23rd of December next :—

A Bill to make better provision for the prevention of injury from fire in Ports in the Provinces under the control of the Lieutenant-Governor of Bengal.

WHEREAS it is expedient that better provision should be made for the prevention of injury from fire in Ports in the Provinces under the control of the

Preamble.

Lieutenant-Governor of Bengal; It is enacted as follows:—

I. The following words for the purposes of this Act have the meanings hereby assigned to them, unless where a contrary intention appears from the context, that is to say:—

The words "The Conservator" denote the Master Attendant or other Officer executing the office of Conservator under Act XXII of 1855.

The word "Master" denotes any person, except a Pilot or Harbour Master, having temporary or permanent command or charge of any vessel.

The word "Owner" includes any agent or consignee.

The words "Inflammable Oil" include Petroleum, Benzole, Kerosine, and any oil or product of oil that gives off an inflammable vapour at a temperature of less than one hundred degrees of Fahrenheit's thermometer.

Words importing the singular number include the plural, and words importing the plural number include the singular.

II. The Lieutenant-Governor of Bengal may, by Notification in the Calcutta Gazette, extend the provisions of this Act to any Port subject to the provisions of Act XXII of 1855 (for the regulation of Ports and Port-dues) within the Provinces under his control, and the provisions of this Act when so extended shall be deemed to be incorporated with Act XXII of 1855 so far as the said Act relates to the said Provinces and is not altered by this Act.

III. For the prevention of injury from fire in any Port to which the provisions of this Act shall have been extended, the Lieutenant-Governor of Bengal may make such Rules, not inconsistent with the provisions of this Act, as he may deem necessary, and from time to time may repeal, alter, and amend the same.

IV. Such Rules shall be published in like manner as declarations and orders made by Government in pursuance of Act XXII of 1855, and any person infringing any of such Rules shall be punished with a fine not exceeding one hundred Rupees, or simple imprisonment not exceeding one month, for every infringement; and in the case of a continuing infringement, with fine not exceeding twenty-five Rupees a day.

V. For the purpose of preventing or extinguishing fire in any Port to which the provisions of this Act shall have been extended, it shall be lawful for the Conservator of such Port to require the Master of

any Ship of more than five hundred tons burthen and not being a vessel of war of any foreign State, to place at his disposal a reasonable number of the crew then under the orders of such Master.

VI. Any Master of such a Ship who shall refuse or neglect to comply with such requisition, shall be punished with fine not exceeding one hundred Rupees, or with simple imprisonment not exceeding one month; and any Seaman entered in the articles of such Ship, who shall, after being directed by the Master thereof to obey the orders of the Conservator for the purpose aforesaid, refuse to obey such orders, shall be punished with simple imprisonment not exceeding two months, or rigorous imprisonment not exceeding one month.

VII. The Conservator of any Port to which the provisions of this Act shall have been extended may, at his discretion, require the Owner of any Steam Tug plying for hire in such Port, to furnish such Steam Tug with a force pump, hose, and appurtenances for the purpose of extinguishing fire; and any Owner who, after having been required by the Conservator to comply with such provision, shall neglect or refuse so to do for the space of one month after such requisition, shall be liable to a penalty not exceeding five hundred Rupees.

VIII. The person in charge of any such Tug shall place the same at the disposal of the Conservator for the purpose of extinguishing fire, when required so to do by the Conservator; and any such person who shall refuse or neglect to comply with such requisition shall be liable to a penalty not exceeding two hundred Rupees.

IX. The Owner and Master of every vessel carrying a cargo consisting wholly or in part of inflammable oil, on entering any Port subject to the provisions of this Act, shall conform to such Rules as the Lieutenant-Governor may make from time to time in pursuance of this Act for the prevention of injury from fire in respect to vessels carrying such cargo and in respect to the place at which vessels so laden are to be moored.

X. If any vessel is moored in any place in contravention of such Rules, the Owner or Master of such vessel shall be liable to a penalty not exceeding two hundred Rupees for each day during which the vessel remains so moored; and it shall be lawful for the Conservator of the Port to cause such vessel to be removed, at the expense of the Owner thereof, to such place as may be in conformity with the said Rules; and all expenses incurred in such removal may be recovered in the same manner as a penalty under this Act.

XI. The Lieutenant-Governor of Bengal may by Rule prescribe the place and manner wherein inflammable oils shall be landed and stored.

XII. Any inflammable oil which shall be landed and stored in any manner contrary to such Rules, shall be confiscated, and may be seized by the Conservator of the Port, or by any Collector of Customs, or by any Custom House Officer, or other Officer authorized in that behalf by the said Lieutenant-Governor.

XIII. When any inflammable oil shall be seized as liable to confiscation under this Act in any place beyond the limits of the Port of Calcutta as defined by Notification made in pursuance of Act XXII of 1855, any Magistrate having jurisdiction in any District adjoining the Port wherein the same may be seized, may, upon the information of any Police Officer, summon the owner of such inflammable oil, or the person in whose possession it may be found, to appear before him, and upon such appearance, or in default thereof, may examine into the cause of the seizure thereof, and may adjudge the same to be confiscated to the Government of Bengal.

XIV. The Rules contained in the Code of Criminal Procedure for the trial of cases before a Magistrate, and for appeals against orders passed by a Magistrate, shall be applicable to adjudications under the last preceding Section.

XV. When any inflammable oil shall be seized as liable to confiscation under this Act within the limits of the Port of Calcutta as defined by Notification made in pursuance of Act XXII of 1855, such seizure shall be heard and determined in a summary way by any Justice of the Peace, and such Justice of the Peace shall cause the owner of such inflammable oil, or the person in whose possession it may be found, to be summoned to appear before him, and upon such appearance, or in default thereof, shall enquire into the cause of such seizure, and may adjudge the same to be confiscated to the Government of Bengal.

XVI. When the confiscation of any inflammable oil shall be adjudged under this Act, such oil shall thereupon belong to, and vest in Her Majesty, and a warrant shall be issued by the Court to a Police Officer, directing him to hold the oil confiscated at the disposal of the Government of Bengal.

XVII. Any person who shall vexatiously and unnecessarily seize any inflammable oil, shall be liable to a fine not exceeding five hundred Rupees, or to simple imprisonment for a term not exceeding six months.

XVIII. In any Port to which the provisions of this Act shall have been extended, if any person shall infringe any of such provisions or any Rule made in pursuance of this Act, such infringement shall be punishable by a Magistrate having jurisdiction over any District or place adjoining such Port,

and such Magistrate may proceed as if such infringement had been committed locally within the limits of his jurisdiction.

XIX. All penalties imposed under this Act may be recovered, if for offences committed beyond the local limits of the Port of Calcutta in the manner prescribed by the Code of Criminal Procedure, and if for offences committed within those limits in the manner prescribed by Act XIII of 1856 (*for regulating the Police of the Towns of Calcutta, Madras, and Bombay*) and Act XLVIII of 1860 (*to amend Act XIII of 1856*), or any other Act for regulating the Police of the Town of Calcutta in force for the time being.

STATEMENT OF OBJECTS AND REASONS.

By Section VII of Act XXII of 1855 (for the regulation of Ports and Port-dues) the Government is authorised, with the sanction of the Governor-General of India in Council, to make Rules for certain purposes connected with the good order and management of the Ports to which the provisions of that Act are extended. The 12th paragraph of the same Section declares the regulation of "the use of fires and lights in any such Port" to be one of the purposes for which Rules may be made.

In the present year much damage has resulted from fires in the Port of Calcutta, and, upon an inquiry conducted by a Committee appointed by the Government of Bengal to consider the best means of preventing them in future, it appeared that certain Rules were necessary which could not be made under the limited authority contained in Act XXII of 1855.

It is proposed in this law to empower the Government to make such Rules as may be deemed useful for the prevention of injury from fire among Shipping, without any restriction as to the details of the Rules.

The Bill provides specially for Rules restricting the bringing into Port certain oils of a highly inflammable nature, such as Benzole and Kerosine, and in this matter resembles the Statute 25 and 26 Vic. Cap. 66 (An Act for the safe keeping of Petroleum.)

In the Port of Calcutta, in such matters as attempts to extinguish fire, or to clear a burning Ship from the neighbourhood of others, it has been found insufficient to rely on the voluntary assistance of Seamen from surrounding vessels. The Bill accordingly empowers the Conservator to call for assistance from the crew of any Ship in Port.

The Bill contains a Clause requiring the owners of Tugs plying for hire, to supply them with force pumps and hose,—a provision somewhat resembling Section XXVIII of Act XXII of 1855, which requires vessels of more than two hundred tons burden to be provided with force pumps "for the purpose of extinguishing any fire that may occur on board." In the case of Tugs plying for hire in the Port, it seems reasonable that this purpose should be extended, and that they should, under the orders of the Conservator, assist in extinguishing fires.

The following Proclamation issued by the Government of India in the Foreign Department is re-published for information:—

POLITICAL.—The 12th November 1864.—Proclamation.—For many years past outrages have been committed by subjects of the Roonan Government within British Territory, and in the Territories of the Rajahs of Sikhim and Cooh Behar. In these outrages property has been plundered and destroyed, lives have been taken, and many innocent persons have been carried into and are still held in captivity.

The British Government, ever sincerely desirous of maintaining friendly relations with neighbouring States, and especially mindful of the obligations imposed on it by the Treaty of 1774, has endeavoured, from time to time by conciliatory remonstrance, to induce the Government of Roonan to punish the perpetrators of these crimes, to restore the plundered property, and to liberate the captives. But such remonstrances have never been successful, and, even when followed by serious warning, have failed to produce any satisfactory result. The British Government has been frequently deceived by vague assurances and promises for the future, but no property has ever been restored, no captive liberated, no offender punished, and the outrages have continued.

In 1863 the Government of India, being averse to the adoption of extreme measures for the protection of its subjects and dependent Allies, despatched a Special Mission to the Bootan Court, charged with proposals of a conciliatory character, but instructed to demand the surrender of all captives, the restoration of plundered property, and security for the future peace of the Frontier.

This pacific overture was insolently rejected by the Government of Bootan. Not only were restitution for the past and security for the future refused, but the British Envoy was insulted in open Durbar, and compelled, as the only means of ensuring the safe return of the Mission, to sign a document which the Government of India could only instantly repudiate.

For this insult the Governor General in Council determined to withhold for ever the annual payments previously made to the Bootan Government on account of the revenues of the Assam Doars and Ambaree Palakotta, which had long been in the occupation of the British Government, and annexed those Districts permanently to British Territory. At the same time, still anxious to avoid an open rupture, the Governor General in Council addressed a letter to the Deb and Dhurma Rajahs, formally demanding that all captives detained in Bootan against their will should be released, and that all property carried off during the last five years should be restored.

To this demand the Government of Bootan has returned an evasive reply, from which can be gathered no hope that the just requisitions of the Government of India will ever be complied with, or that the security of the Frontier can be provided for otherwise than by depriving the Government of Bootan and its subjects of the means and opportunity of future aggression.

The Governor General in Council has therefore reluctantly resolved to occupy permanently and annex to British Territory the Bengal Doars of Bootan, and so much of the Hill Territory, including the Forts of Dallingkot, Pasakha, and Dewangiri, as may be necessary to command the Passes, and to prevent hostile the predatory incursions of Bootanese into the Darjeeling District or into the Plains below. A Military Force, amply sufficient to occupy this tract and to overcome all resistance, has been assembled on the Frontier, and will now proceed to carry out this resolve.

All Chiefs, Zemindars, Mundals, Ryots, and other inhabitants of the tract in question are hereby required to submit to the authority of the British Government, to remain quietly in their homes, and to render assistance to the British Troops and to the Commissioner who is charged with the administration of the tract. Protection of life and property and a guarantee of all private rights is offered to those who do not resist, and strict justice will be done to all. The lands will be moderately assessed, and all oppression and extortion will be absolutely prohibited.

The future boundary between the Territories of the Queen of England and those of Bootan will be surveyed and marked off; and the authority of the Government of Bootan within this boundary will cease for ever.

By Order of the Governor General in Council,

H. M. DURAND, Colonel,
Secy. to the Govt. of India.

The following Orders issued by the Government of India in the Foreign Department are re-published for information :—

POLITICAL.—No. 187.—*The 14th November 1864.*—The Viceroy and Governor General in Council is pleased to publish the following Despatch from the Secretary of State for general information :—

The following draft of Rules having reference to the Calcutta Canals and Tolly's Nullah, is published for information under the provisions of Section XI. of Act V. of 1864, B. L. C. :—

I. Every Vessel on entering the Calcutta Canals or Tolly's Nullah shall be liable to measurement for the purpose of ascertaining the Toll payable, and in case of any reasonable doubt arising, the Canal Officers at any Toll Station shall have authority to re-measure a Vessel notwithstanding that it was measured on entering the Canal.

II. The tonnage of every Vessel, whether laden or empty, shall, for the purposes of Act V. of 1864, B. L. C., and of these Rules, be determined by the following measurements :—

a. The product of half the length of the Vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the Vessel, multiplied by the depth from the water line to the bottom of the Vessel is to be taken as the number of maunds upon which Toll shall be levied.

b. The measurement of the length is to be made in feet, rejecting inches; the measurement of the breadth and depth is to be made in feet and quarters of feet, rejecting portions of less than a quarter of a foot.

c. In calculating the amount of Toll to be levied any fraction of 100 maunds less than 25 maunds is to be omitted; exceeding 25 and not exceeding 50 maunds is to be charged as 25 maunds only; exceeding 50 and not exceeding 75 maunds to be charged as 50 maunds only, and exceeding 75 maunds as 75 maunds only: above 1,000 maunds all fractions of 100 maunds are to be omitted.

d. Provided that in the case of Vessels which enter the Canals empty for the purpose of loading therein, the depth shall be measured from the line of usual immersion as visible on the outside of the Vessels to the bottom of the Vessel, and not from the line of actual immersion at the time of measurement.

III. Every Vessel entering the Canals shall be furnished with a Ticket on payment of the prescribed Toll. The Manjee's name, the date and hour of entry, the maundage of the Vessel, the cargo it contains and amount of Toll charged, shall be entered in this Ticket to identify the Vessel on which Toll has been paid.

IV. This Ticket may be demanded and inspected by any Canal Officer, and must be kept on board and at hand for that purpose.

V. The Manjee or Owner of every Vessel not having a Ticket on board and producible on demand shall be liable to the provision of Section X. of the Canal's Act.

VI. Duplicates of lost Tickets of which the numbers and date of entry can be satisfactorily established, will be granted, by the Collector, on a further payment of a sum equal to the original amount of Toll.

VII. During the detention of any Vessel under Section 9 of these Rules, or under any other provision of the Act, the duty of Canal Officers will be to see that the Vessel or its cargo are not clandestinely removed; but they are in no way responsible for its safety, for which the Manjee, Owner, or Agent must make their own arrangements.

VIII. The purchaser of a Vessel sold under these Rules and under the Act will have the option

of taking it out of the Canal on the day of purchase, or of taking out a fresh Toll Ticket at the rate fixed by the Schedule of Tolls in force for the time being.

IX. No Boat engaged by any Officer of Government—whether Civil or Military—shall be exempt from Toll on the ground that the Officer is travelling on Public duty. The only exception to this Rule shall be in the case of Vessels specially engaged in the conveyance of Troops on Military duty.

X. All Vessels the *bona fide* property of Government, or employed on works connected with the maintenance or improvement of the Canals and duly certified as such, shall be exempted from these Tolls and charges. No other Vessels whatever shall be exempted.

XI. Every Vessel, Raft, or Float which has paid Toll shall be allowed three days for passing through either Channel, the days of entering and of leaving being both included. In addition to these three days they may, without further payment, remain in the Canals for the further under-mentioned periods, that is to say,—

Boats.—One day for every hundred maunds up to three hundred maunds of measurement, and one day for every two hundred maunds above three hundred maunds.

Rafts.—Two days for any number of timbers not exceeding fifty, and one day for every additional fifty.

Floats.—Two days for any number of bamboos not exceeding five hundred, and one day for every additional five hundred.

XII. Every Vessel, Raft, or Float remaining in any part of the aforesaid Canals longer than the period allowed under the foregoing Rules shall, for each day in excess of such period, be charged demurrage equal to one-half of the Toll; and every Vessel remaining more than thirty days in either of the Canals shall, for each day in excess of thirty days, be charged demurrage equal to the full rate of Toll, provided that in no case the demurrage charged shall exceed five Rupees per diem.

XIII. Any Vessel remaining in the Canal more than two months without authority from the Supervisor shall be summarily removed.

XIV. Boats requiring repairs shall be allowed to enter the Dhappa Docks and remain there for a maximum period of thirty days, during which they will be charged at the rate of one-sixth part of the demurrage chargeable under Rule XII. Any Boat remaining in the Docks longer than thirty days without the special permission of the Supervisor shall pay demurrage at the full rate for such excess period.

XV. No Vessel shall be docked for repairs on the bank of the Calcutta Canal or of Tolly's Nullah.

XVI. Wherever mooring posts may have been put up by the Supervisor, Vessels shall be made fast by the head and stern along the banks to such posts, and shall not be moored in any other manner.

XVII. The Supervisor may, by notification prohibit the dropping of anchors or the putting up of bamboos or luggies in any part of the Canals or on the banks; and in such parts no anchors shall be dropped or luggies put up under a penalty of fifty Rupees, and of a fine not exceeding four Rupees a day for a continued disobedience of an order for removal issued by the Supervisor.

XVIII. Boats whilst loading or unloading in the Canals will be allowed to use ladders; but the

ladders must be gradually taken in as the water rises.

XIX. As the water falls the head and stern ropes must be loosened and the boats gradually pushed towards the centre of the Canal; when the flood comes in these two ropes must be gradually pulled in and the boat kept as close to the bank as possible.

XX. Only one boat shall be allowed to make fast along and in line with the Canal banks, and no boat shall be made fast or be placed outside of boats so secured.

XXI. Boats passing through the Canals shall keep in separate lines, empty boats keeping close to the bank, and those that are laden in the centre.

XXII. Hackeries, Carts, Bullocks, &c., using the Canal Roads shall, when stationary, be ranged on the side of the road furthest from the Canal banks.

XXIII. In portions of the Canals where only one towing-path exists, Vessels shall moor on the off side, and the towing-path side shall always be kept clear.

XXIV. No person shall commit a nuisance or deposit filth of any sort in the Canals or on the banks.

XXV. Every person, either personally or by his servant, infringing any of the above Rules, numbered from XV. to XXIV., shall be liable, under Section XI. of the Canal's Act, to a fine not exceeding fifty Rupees for any one infringement, or to a fine not exceeding five Rupees a day for any continued infringement.

XXVI. At the instance of the Collector of Tolls, any Magistrate who imposes a fine under Section XI. or XVI. of the Act may award any portion of such fine to the informer.

XXVII. Any person who, *wilfully or negligently*, allows a Vessel to sink in the Canals shall be liable to the penalty described in Section XI. of the Act.

XXVIII. In every case of wreck, caused by negligence or otherwise, the Supervisor and his Subordinates will give every assistance in removing the same.

XXIX. A notice shall be affixed on each wreck, when recovered, calling on those concerned to pay to the Collector all Toll which may be due, or fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck, and intimating that if the sum be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in Section IX. of the Act.

XXX. Every Canal Officer is authorized to remove any vessel, anchor, pole or other thing which he may find in a position which is in contravention of these Rules, and to deal with it in such a manner as may be necessary to give effect to the Rules.

XXXI. Whenever any laden Vessel is seized by a Canal Officer it shall be the duty of the Supervisor to give immediate notice of the same to the Owner or his Agent requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

XXXII. If the Supervisor be unable to ascertain the name and place of business or of abode of the Owner of the cargo of any Vessel or Boat seized

under the Canal's Act he shall notify the seizure by advertisement in his Office and in the *Exchange Gazette*. Such notice shall call upon the Owner to cause the immediate removal of the cargo and to pay any necessary expenses incurred in providing for its proper custody and storage.

XXXIII. The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any Vessel seized under the Canal Act, and if the cargo be not removed within one month from the date of seizure he may sell the same at public auction to the highest bidder after giving ten days' notice of the same by advertisement in the *Exchange Gazette* and affixed in his Office.

XXXIV. The money realized at such a sale shall be applied first to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold, and the balance, if any, shall be held in deposit to be paid to the Owner of the said cargo on his applying for the same

The Board, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so.

The following are the Conditions of Sale :—

1. The Opium will be sold for exportation by Sea only, and no certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for sale at an upset price of Rupees 400 per chest, and sold to the highest bidder above that price, except under the circumstance for which provision is made by Clause 12th of these Conditions of Sale.

3. The Sale shall commence at the hour of 11 A. M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P. M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of, or if the whole quantity advertised shall not be sold on the day appointed, the Board may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum calculated

When the amount bid is less than Rupees 1,200 per chest	Deposit.	According to the scale
On bid of Rupees 1,200 but less than Rupees 1,500	Rupees 200 per chest.	noted in the margin
On bid of Rupees 1,500 but less than Rupees 2,000	" 300 "	shall be taken as a deposit on each lot
And so on, Rupees 100 being added to the deposit for every additional Rupees 400 bid.	" 400 "	from the

purchaser in the Sale-room, and before the lot is registered in the Sale Book; and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts or by substitution of other Public Securities of the Bengal Government on or before 4 o'clock in the afternoon of the fifth day after the Sale, or, on the other hand, failing such redemption by the time aforesaid, then the lot or

lots for which no Bank of Bengal Receipts or deposit of other Public Securities as aforesaid shall have been delivered in, shall be re-sold at such time or times, and under such conditions of re-sale, as the Board of Revenue shall see fit, and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of sale under the last-mentioned Condition if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7. No tender of money, Bank of Bengal Receipts, or Public Securities on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale will be afterwards accepted.

8. The Opium now advertized for sale shall be paid for within fifteen clear days from the day of sale, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the 5th Condition, or any Public Securities that may have been deposited on account of such lots or chests shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out certificates or orders, for the delivery of Opium after making full payment as above prescribed shall have the option of naming the number of lots at their purchase which they may desire to be included in each certificate or order, and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

10. No deposit of Public Securities under the 5th of the present Conditions will be received in this Office except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The Officer superintending the sale on the part of the Board of Revenue is empowered to reject, at his discretion, the bid of any individual unless such individual shall, on demand, tender at the time a deposit, either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the 5th of these Conditions.

12. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot and immediately to put it up again for sale at a maximum upset

price, diminishing the same gradually until a bid is obtained, and the first *bona fide* bidder for a lot after it has been offered for sale in the mode here prescribed shall be held and declared to be the purchaser of the said lot; and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always that no lot shall be sold below the minimum price of Rupees 400 specified in the 2nd of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession at the same price, and under the same conditions, any number of lots of the same Agency Opium not exceeding altogether twenty-five lots; provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue:—

No. 1. Certificate of the Opium advertized for sale.

No. 2. Report of the examination of such Opium.

16. The Public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1863-64, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state; to have only the prescribed quantity of leaves used in forming the cakes; and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue.

17 Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue; but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified that, under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that, out of the quantities of Behar and Benares Opium declared as above for sale at the twelve Sales of the year 1864, there shall be delivered to them, at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding

in the aggregate 300 chests, and the Agents of the French Government must make requisitions specifying the quantity of Opium required by them at any particular Sale within thirty days from the advertisement of such intended Sale; provided, however, that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agents of the French Government shall not make the requisition for Opium within the time above-mentioned, the entire quantity of about 64,267 chests of

	Chests.	
Behar	35,037	Behar and Benares, as above
Benares	29,230	estimated, will be brought
	64,267	to sale in the usual manner,
		and if they shall make application for a quantity of

Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve Sales above-mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose:—

Article 6th.—“With regard to the trade in Opium it is agreed between the high contracting parties that at each of the periodical Sales of that article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that, if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbeforementioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta within thirty days after notice of the intended Sales shall have been published in the *Gazette*.”

Junior Secretary.

Notice.

POSTPONEMENT OF THE AGRICULTURAL EXHIBITION IN THE NUDDEA DIVISION.

IN consequence of the damage done and distress occasioned by the Cyclone in the 24-Pergunnahs and Nuddea Districts, which will fully occupy the attention of the Zemindars and Ryots for some time, it has been resolved to postpone the Nuddea Agricultural Exhibition till the next cold season. The Exhibition will then be held at Kishnaghur under the Rules which have already been published.

H. L. DAMPIER,

Commr. of the Nuddea Division.

CALCUTTA,
The 3rd November 1864. }

Revised Notice.

AN Agricultural Show of Live Stock and Produce will be held on Tuesday, the 17th January 1865, and following days, at Mozufferpore, in Tirhoot, being the Race week at that Station. Prizes amounting to about Rupees 5,000 will be distributed. Prize Lists will shortly be available on application to any of the Collectors of the Division. The attendance of all gentlemen of the Division, European and Native, whether as Exhibitors or Spectators, is respectfully invited.

G. F. COCKBURN,
